

Student Centre – Idea competition for students 2018

Facility types:

a. Meeting rooms

" Meeting centre", which has approximately four different size meeting rooms. Meeting room sizes vary from ten to 35 people. Possibilities to flexibility and variety of spaces.

b. Office spaces (including volunteer working spaces, break room and kitchen)

Office spaces for each party of the project: open-plan office, multi-facility office, private rooms. Divided common spaces: silent working spaces, volunteer working spaces, break room, lounge and kitchen, printing, toilets.

c. Restaurant/party facilities

Student restaurant (TF) approximately 200 seats. A pub/café that opens towards the lobby. 150 m2 Festive space (KY), can be used for parties, table parties etc.

d. Lobby/services

The most public spaces of the building. Different kind of spaces – not a "regular lobby". Quiet space with Fatboys or hammocks, spaces for hanging out with friends and having a cup of coffee. Sitting stairs or some other creative hanging our furniture. AYY Service office, Pop Up space, spaces for displays and possibility for some other services as well (e.g. services for Alumni, University Starting point, the Study Psychology Service).

e. Club rooms/recreation

Club rooms work as hang out space and can have different kind of facilities for hobbies. Also has spaces for e.g. sections and committees. Possibility for new kind of culture creation.

f. Others

Other spaces mentioned in the facility plan (sauna & bathroom facilities, outdoors) or something else that isn't mentioned in the facility plan.

Something to consider:

- 1) Here mentioned some examples what there could be included in the facilities. The examples are not binding if your proposal is more convenient than the examples.
- 2) The usage of spaces is expected to be as high as possible, so the spaces can have multiple purpose of use. However, the primary purpose of use should be as suitable as possible for the space.
- 3) Remember to be creative and think outside the box!
